**Bob Allen Cadillac / GMC**

Danville, Kentucky

- Design Team: Million Architecture, PLLC and Studiomarc Intl.
- Owner: Bob Allen Cadillac / GMC
- Square Footage: 9,200 SF
- Location: Maple Avenue - Danville Kentucky

This project design was developed as a joint venture with Million Architecture, PLLC and Studiomarc International, Inc. With the success of the Nissan Renovation in 2012, Bob Allen challenged his design team to develop a new showroom and service addition for the Cadillac / GMC dealership at the Bob Allen Motormall. Demolition and construction began in the spring of 2013 and the new showroom opened in 2014. Developed in collaboration with the GM Facilities standards and their designers in Detroit, the Bob Allen team gained quick approval of this project which will bring this dealership up to the “standard of the world” prescribed by Cadillac.
