The design/build team of Million Architecture, PLLC and Spectrum Contracting Services, Inc. was selected to design and construct a new facility for the SonRise Community Church in New Port Richie, Florida in the Fall of 2008. The church had been meeting in a local shopping center and needed a new facility to meet the growing needs of their congregation.

The design solution featured a vaulted worship center with flexible seating for up to 130 persons. In addition, space was provided for three Bible Classes, a Nursery, Warming Kitchen and Administrative Offices.
